Powerlessweeper

Model: HD-P50

☎ 966-55 003 3692

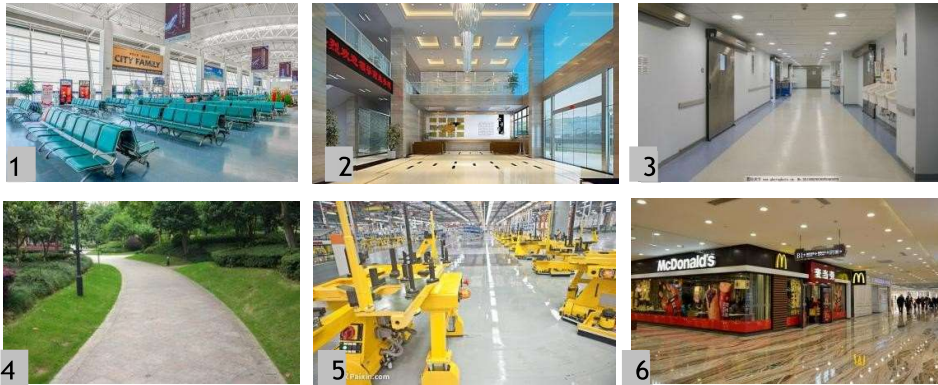

☎ 966-58 000 6668

The manual push sweeper is particularly suitable for spaces such as lobbies, waiting rooms, hospitals, warehouses, and courtyards. It operates without raising dust or producing noise, requires no charging, and can easily maneuver through crowds. Its lightweight structure makes it easy to handle and maintain.

Application Scenarios

1. **W**aiting Rooms
4. Residential Roads

2. Hospital
5. Factory

3. Lobby
6. **C**ommercial

Clean Surface

1. **C**oncrete Floors 2. **T**ile Floors

3. **P**avement Surfaces 4. **M**arble Floors

Product Detail

Performance Feature

Sweeping width of 920 mm, enabling passage through narrow aisles.

Entire machine is constructed from high-quality engineering plastic, offering excellent aging resistance and corrosion resistance.

Operates without fuel or electricity, making it energy-saving, environmentally friendly, and cost-effective over time.

Main brush and side brush heights can be adjusted without tools, ensuring user-friendly operation.

Foldable handle for easy storage, with adjustable height to suit different users.

Large-capacity, integrated handheld dust bin allows for direct removal and disposal of waste, and can be easily rinsed for cleaning.
